TUESDAY, MAY 21, 2024

## Strategic Plan 2021-2031

## Systemness...

- **Systemness** is the state, quality, or condition of a [complex system](#), that is, of a set of interconnected elements that behave as, or appear to be, a whole, exhibiting behavior distinct from the behavior of the parts.
- Each piece of the work we do is connected to the next piece and ultimately the quality of the student experience.
