## **June 3<sup>rd</sup>, 2024**

This week we've got three incredible athletes to highlight from the Senior and Junior Girls Soccer team: Delaney Haibeck, Martina Jardo Encinas and Lauren Jones. First up is, Delaney who played every minute of each game this season, she is a strong defender who wins most 1 v 1 tackles. Next is Lauren, who's coaches say she is a solid defender, and her biggest asset is her positioning, knowing where to be in various defensive scenarios. And Martina, who is a part of the junior team is centre back and showed tenacity winning physical battles against strikers and holding ground during challenges. All these girls showed great leadership on and off the field.
