

ANNOUNCEMENTS FOR

May 13th, 2024

Carson Graham gardeners, calling all gardeners. We have been busy building planters and we are hoping to start a garden here at Carson. If you are free and love gardening or want to know more about gardening while earning service, please come out this Friday to Mr. Olsons room to discuss Carsons newest club!

Good morning, Carson, hope everyone had a great weekend, enjoying the sunshine. To start Monday off with a bang we've got two incredible athletes to highlight from the senior girl's rugby team: Mina Mulder and Isla Folkersen. First up is Mina, whose coaches say she *consistently* demonstrates exceptional skill, dedication, and leadership both on and off the rugby field. She is a key player on the team, always leading the team with a strong defensive line. Her calm demeanour during high-intensity games is essential to the morale of the team, as she is a true leader by example. Meanwhile, Isla's coaches say she has grown so much as a rugby player during her last 4 years at Carson. Her past season playing, and club rugby is noticeable as she has grown into a skilled and smart rugby player. Her dominant tackles are impressive (thanks to wrestling. It's not very often you can find a forward who can kick – but Isla can kick for points from the sideline.

A huge congratulations to the Senior Girls soccer team. They beat Kitsilano 3-1 last Thursday in the Vancouver Sea to Sky semi finals. Two goals scored by Laila Gul and one by Rin Hatanaka. Tomorrow (Tuesday) they will be in the finals of the Vancouver Sea to Sky for a spot to Provincials. Again, congratulations, we're all very proud of you. Go Eagles.
