

Course Plan: Français langue seconde 12- Immersion

#### **COURSE DESCRIPTION:**

French Immersion 12 is required to receive a bilingual diploma.

The objective of this course is to help students to integrate and enhance the linguistic competencies and linguistic and cultural knowledge acquired during past learning experiences. French Immersion 12 will enable students to gain an overview of the various factors that shape their bilingual identity. It offers many opportunities for students to deepen their knowledge of themselves and others in a changing world. In addition, students will explore different types and genres of texts, from various sources, that reflect Francophone and First Peoples perspectives. The course will encourage students to use critical and creative thinking to analyze various communication situations and refine their communication skills in diverse contexts in order to achieve their personal and career objective

#### **BIG IDEAS:**

The Big Ideas consist of generalizations and principles and the key concepts important in an area of learning. They reflect the "Understand" component of the Know-Do-Understand model of learning. The big ideas represent what students will understand at the completion of the curriculum for their grade. They are intended to endure beyond a single grade and contribute to future understanding.

Here are the six <u>Big Ideas</u> for Français langue seconde 12- Immersion:

Linguistic variations offer cultural reference points within the French-speaking world.

Linguistic and cultural identities are shaped by what we hear, see, read, and write.

Developing a mastery of French makes it possible to explore employment, travel, and personal growth opportunities as well as opportunities to study abroad within the Frenchspeaking world.

The exploration of texts reveals the depth and complexity of human life.

The life experience, culture, and current context of the audience influence the interpretation of a text.

Careful editing of a text leads students to develop a rich and polished style.

# CORE COMPETENCIES:

A Core Competency is a skill that all learners need to have to be successful in all aspects of their life. There are 3 core competencies: Communication (Communicating & Collaborating), Thinking (Critical Thinking, Creative and Reflective Thinking), Personal (Personal Awareness and Responsibility, Social Awareness and Responsibility and Positive Personal and Cultural Identity).

# encompasses the set of abilities that students use to impart and exchange information, experiences and ideas, to explore the world around them, and to understand and effectively engage in the use of digital media.

#### THINKING

The thinking competency encompasses the knowledge, skills and processes we associate with intellectual development and is demonstrated through:

- creative thinking
- · critical thinking

#### PERSONAL & SOCIAL

The personal and social competency includes

- positive personal & cultural identity
- personal awareness & resoonsibility
- social responsibility

#### **COURSE EXPECTATIONS:**

- This course allows students to study at their own pace. However, this requires efficient time management to complete the course by the deadline. Good progress often requires that the student create a weekly schedule to organize the due dates of their assignments to complete the work within the time limit granted.
- Students must read all the information and attempt all activities in order to be successful in the course.
- Students must take care that their communication with the teacher and with other students through email, during online meetings, or in person, is course related, clear and respectful.
- Students must take care that their work is their own and not plagiarized from any other source. This includes previous work submitted for another course, other people's assignments, Web or other resources etc.
- All work must be completed in French. Students should not use an online translator, app, etc. to produce whole sentences or paragraphs, which constitutes plagiarism. Students should only search for individual words or phrases using a reliable dictionary site.
- Students should be able to create videos of themselves for the assignments and tasks required in this course.
- Students should contact their teacher using email or set up a Microsoft Teams meeting if they need assistance.

**LEARNING STANDARDS: Curricular Competencies** 

Students are expected to do the following, using oral, written, and visual media:

- Use their language and cultural knowledge to reflect on their identity and understand their role within the French-speaking world
- Analyze the influence and importance of social, historical, and cultural contexts as well as diversity in approaching various texts
